# Wrapping Up

Catalin Stefan

@catalin_ste

in/catalins

Final Overview

- Overview of MVVM layers

- Overview of the implemented app functionality

- Overview of app scalability and maintainability

Code Challenge

I will provide instructions on what to implement next

The solution will be available in the following order

`s6-wrapping-up/code-challenge-solution`

Thank You

- Thank you for taking this course
- Thank you for following it until the end
- Please put in practice the concepts you learned here
- Please let me know any feedback you have
- I hope to see you again in the future
